

DALADIER TO REFUSE TALK WITH ITALY

Mussolini Must First State Exact Claims on France

PARIS, March 28.—Premier Daladier was reported without official confirmation early today to have declined a proposal of a meeting with the Italian premier, Benito Mussolini, to discuss the Italian claims on France.

Informed circles said the premier received a proposal by Foreign Minister Georges Bonnet and four other ministers that France open negotiations with Italy from the bank of the French Sunday.

KEEP DECISION SECRET
Every effort was being made to keep Daladier's decision on the Italian question secret until his much publicized speech Wednesday.

It was said by informed sources, however, he would say France refused to negotiate with any nation under threat and is capable of defending her empire.

The government advanced a step nearer wartime footing, apparently strengthening France's position for possible negotiations to settle Italy's claims on her.

FIVE NEW DECREES
Five new decrees were issued Monday in a cabinet meeting which considered Premier Mussolini's intention Sunday the next move was up to France.

They were issued under the Government's new dictatorial authority and were concerned primarily with the navy although one affected frontier defenses and another stipulated financial arrangements for military mobilization. The decrees also provided for the use of the measures will not be known until they are published in the official journal, probably today.

Although the strict new military measures have effectively prevented the flight of fighting and technical manpower, changed the method of recruiting and revised the reserve organization from which the navy draws its wartime strength.

Ontario Bill Aims To Double Corporation Tax

TORONTO, March 28.—The Ontario government Monday introduced a bill into the legislature to double the tax on net corporation income, making it two per cent.

The bill, an amendment to the Corporation Tax Act, was introduced by Hon. Paul Leduc, minister of mines, on behalf of Premier Hepburn, provincial treasurer.

Madrid Falls

the streets as the victors marched through, cheering and waving flags, while their menfolk, mostly aged and pitifully emaciated, joined them in their welcome to General Franco.

BREAD TRUCKS ARRIVE
High paid with bread, National trucks were mobbed as they moved into the city to feed the famished people and men and women, tears streaming down their faces, denied themselves until their children were satisfied, and then fell hungry on the crumb.

They were led by almost all their leaders the militia around the bread trucks, getting their first full meal in over a year.

General Segismundo, Spanish military commander of the Republic, was sought by Franco's troops but had disappeared. It is believed that he has gone to Valencia to join Generalissimo.

Miguel, president of the Madrid Defense Council, and that both intended to board a French or British warship at that port to escape.

And all their leaders deserted them, however.

MINISTER REMAINS
The leading Republican chief remaining in Madrid was Juan Bértiz, minister of the interior, who will faithfully carry out the duties throughout the war.

Braving arrest to continue his task, Bértiz stayed at his post and announced over the radio that he was still carrying on.

"I will continue by the side of the Madrilenses until the last moment," he said in his broadcast.

"I will faithfully carry out the plan drawn up by the Council of Ministers. We have reached the moment we forewarned and I am now to maintain law and order as you have in the past."

General Franco's radio address, however, was cut off by a voice cheering for Franco. When he was asked to resume he announced: "The Central Army has surrendered."

AIR OF REJOICING
Over the city there was a mad air of rejoicing as troops swarmed in from all sectors of the Madrid front.

By mid-morning the Republican trenches were deserted, and it was with spring frosts that the city was taken.

MARIE DIONNE IS NO LONGER BABY QUINT

CALLANDER, Ont., March 28.—No longer can Marie Dionne be referred to as the "baby quint." For Marie outstripped her sisters by gaining four pounds during the past month and now is tied with Yvonne at 48 pounds. The children are four years and 10 months old today.

Executive Of U.F.A. Forwards Protest

CALGARY, March 28.—Executive of the United Farmers of Alberta, representing all sections of Alberta, today unanimously approved a message to Prime Minister W. L. Mackenzie King protesting the government proposals to make the minimum initial price of wheat 60 cents a bushel, basis No. 1 Northern at Fort William.

The resolution pronounced "increased debt, shattered morale and the lowest standard of living in history of western Canadian agriculture."

The government's proposed trade commissioner, W. D. Edwards, will attend the Wheat Board Act.

Marie Dionne has one daughter, Jacqueline, 12, who was born in Vancouver. Mrs. Allingham has also been active in the social life of Edmonton and belonged to many organizations in the city. The family will be leaving for Calgary early in April, according to present plans.

Market Act

Statement continued, "this part of the Act gives power. If the government desires to exercise them, it requires all wholesalers, retailers, manufacturers, and all classes of persons or corporations in the mercantile or industrial life of the province and to subordinate a board of control to discharge the economic functions of hundreds of trained executives and operatives."

The brief said that this board cannot "successfully" discharge its economic functions. It remarked that the "law of supply and demand cannot be confined and fixed to suit the will of any board of control."

"The bill appears to assume that at least some of the Alberta manufacturers and retailers, while the methods of others are to be controlled, and that government officials can administer such a system with profit and methods and reduce the cost of distribution and the price to consumers."

"On this very point," the Chamber declared, "no one in the province is better able to discharge its economic functions than the government itself."

"If it be found that combines, monopolies, secret agreements or corrupt practices exist, there is adequate existing legislation effectively to deal with such abuses and this Chamber stands ready to support any legislation and its enforcement on proper occasions."

LARGE CAPITAL
"This provincial marketing board is limited to borrowing only \$25,000 from the consolidated revenue fund to transact its business. Obviously a very small amount of capital is required. Where then is the rest of the capital to come from in the early days of comprehensive functioning of the board?"

Another objection was taken to the bill because it appears to obtain no provision for trading with the United States, where it never occurs, or to make no provision for the same, is to transfer the bill to the United States, really to an Elysium that no business man has hitherto discovered.

"It is an odd, unbusinesslike, unpractical," the Chamber remarked earlier in its brief, "that before any such comprehensive and effective scheme or plan of regulation and control is submitted to the public, the first emanate from the producers themselves and require a definite and majority of them in its favor."

"It is not to be lightly assumed that the producers of any individual product in Alberta or in any individual industry are destroyers of their own industry and that they are contemplated in this bill."

COSTLY EXPERIMENT
The Chamber warned that the "costly experiment" envisaged in the bill "will eventually require to be paid for by the pockets of the taxpayers or of the producers, or of both."

"Trade will be dislocated and an inevitable and substantial increase in prices to consumers in Alberta" take place, according to the Chamber of Commerce's submission.

Inoculation For Diphtheria Now Progresses Here

Inoculation of school children in Edmonton against diphtheria began at 9 a.m. Tuesday and will continue until all those wishing to avail themselves of the opportunity for protection against the disease have received treatment. Dr. G. M. Little, medical health officer, said Tuesday.

"We know the exact diphtheria prevention campaign and all children between the ages of six months and 12 years should receive the inoculation," he said. Those who have not received the toxin within the past year should be treated again.

Inoculation is being carried out by Dr. G. E. Swallow and Dr. J. F. Polmer, Work began at 9 a.m. at the Taylor and McDougall schools with pupils from Riverside and Whistler schools. At 11 a.m. the doctors were at Crandall and at 1 p.m. at the H. A. Gray and Parkdale schools.

Police Seize Lottery Tickets: Arrest Chinese

OTTAWA, March 28.—Police arrested eight Chinese and seized 10,000 lottery tickets and \$200 in cash in a raid on a house here last night. The men were charged with conducting a lottery and Police Sgt. Logan was also arrested.

Sherbrooke Boy Has Cardinal's Blessing, Vatican City Stamps

Continued From Page 1

Leaders

OTTAWA, March 28.—A young Sherbrooke boy has a cardinal's blessing and some Vatican City stamps for his collection although his prayers that become Pope went unanswered.

Gilles Cloutier, a young Cardinal's blessing was given recently during the convalescence he was recovering from a serious illness. He had a "thunder" and "would you please send me a letter from the Vatican."

From Cardinal Villeneuve's secretary here came Monday a letter to young Cloutier thanking him for his prayers, sending the stamps and adding: "The Holy Spirit has thought otherwise than you and it is not a prayer for Canada needs its cardinal. For your letter, I have sent you a photograph of Pius XII."

"I wish to urge the establishment of a Shrine of the Immaculate Conception in Alberta may receive a reasonable return for their labor."

W. H. Wolfe, Edmonton manager Alberta Wheat Pool. The new wheat market, however, will cause a great deal of disappointment in Alberta. Something is being done, but nothing of course, but farmers here were hoping that the wheat market would be better than that, if it were, it would not be less than 70 cents. When the wheat was sold at 70 cents, a 60-cent price at latest would figure as a considerable loss to the cost of production.

UNSATISFACTORY
Unless there was strong majority desiring to come under the Act, enforcement of regulations was considered and the government was not the most effective administration could be obtained with 60 per cent. of those favoring the step, a waste of time to consider regulating any individual farmer, while the trade favored it.

Injured Miner Back At Work: Is Hurt Again

COLEMAN, Alta., March 28.—William Jackson, who had been injured in a mine accident five years ago, went back to underground work recently, and today suffered a broken arm and head injuries in a rock fall at the International mine.

Young Hero

MEDICINE HAT, Alta., March 28.—Ten-year-old Dick Haley of Medicine Hat today received praise for his rescue efforts in saving the life of a boy who had fallen into the South Saskatchewan river Sunday. Dick ran out onto the ice and pulled Robert to safety.

Bulletin Patterns

Before Jacket Dress... Spring's Smartest Costume... Easy to Sew... at a Modest Price

2566
MRS. E. J. 2-20

A young spring costume with an enchanting contrasting bolero over a flaring print crepe skirt dress. The jacket flashes the print in the pinky reverse. Only line in the skirt costume right through spring. Only wear the dress alone with bright accessories. It's a trend of spring itself. The tight bodice buttons up to a cardigan neck. The skirt, solid-colored, version with two breast pockets, included in the pattern, gives a remarkable chance to wear a soft young whirled dress of washable silk, cotton or flannel. You won't be happy with only one. It's a joy to sew with the aid of the picture sewing instruction chart that accompanies the pattern.

SECOND SECTION

EDMONTON, ALBERTA—TUESDAY, MARCH 28, 1939

PAGE NINE

ESTIMATES ON CIVIC EXPENSE ARE REDUCED

Lower Tax Collection and Balanced Budget Pro- posed For 1939

City commissioners will propose to council a balanced civic budget for 1939 in which they plan expenditure of \$4,646,183, a drop of \$104,177 from the 1938 expenditure.

Tax collections total for the present year is estimated at \$2,742,500, which is \$80,000 less than the amount estimated in the 1938 budget, when the municipal tax collections were set at \$2,827,500.

Last year the city spent altogether \$4,750,000, which was \$104,177 more than this year's proposed budget.

Last year the city spent \$157,480 out of current revenue for paying and other contributions which were proposed to do of less than this year.

Another expenditure made last year out of current revenue was \$30,000 set aside for straightening the city on 105 avenue, which was proposed to do of less than this year.

Estimates of expenditures for the 1939 budget are \$4,646,183, which is \$104,177 less than this year's proposed budget. The 1938 tax levy was \$27.81 less than that of 1937.

PILOT FLIES INJURED MAN TO EDMONTON

Canadian Airways plane carrying Fred Kellogg, 22-year-old lumberman from the Bonnyville district, arrived at the Edmonton airport shortly after 2 p.m. Monday and the injured man was rushed by ambulance to the University hospital.

Kellogg sustained serious lacerations to his arm and body when clothing caught on a knot on a log. He was dragged along the whirling blades of a saw at the Bonnyville mill.

His injury was described as serious, but the injured man to hospital here. Doctors attending him have described his condition as serious.

Youth's Tale Of Abuse Falsely

Officials of the provincial government child welfare department said Tuesday that the story of non-payment and abuse told by a 15-year-old boy who ran away at night from the welfare home in Edmonton was a "concocted story."

The boy, who was taken to St. Albert Friday night, stayed with a friend, a farmer, that night, and then was brought back to the city Saturday. Local police he never had enough to eat at the home.

Murder Trial Date Not Set

No date has yet been set for the preliminary hearing of Alfred Breckin, half-breed trapper of Jackfish Lake, 20 miles from Fort Chipewyan, who is charged with the murder of his wife, R.C.M.P. in Edmonton said Tuesday. The preliminary hearing is awaiting results of analysis of the stomach contents of the dead woman. The contents are being sent to the University of Alberta for examination.

CIGARETTES GIVE PROFIT AT CENT TEACH

Sales Manager Says Lower Retail Price Would Mean Loss

Teaching of cigarettes at less than one cent each was economically sound and would deprive the manufacturer, wholesaler and retailer of a just profit, was the opinion expressed by James Hughes, sales manager of L. O. Grethe Ltd., Montreal manufacturer, during his testimony Monday at the preliminary hearing of charges of a tobacco company to maintain standard prices brought against manufacturers, wholesalers and retailers.

The hearing is proceeding before Magistrate A. L. Miller, C.C., at the corner of 101 and 102 St.

Mr. Hughes stated his company had been ready to meet the 12-cent standard, but the light of common sense and the light of common sense and the light of common sense.

Commissioners will report to council at the next meeting on the possibility of such a campaign.

SAFETY CAMPAIGN Is Proposed For Traffic Benefit

Ald. M. B. McCall at Monday night's meeting of city council urged that commissioners investigate the feasibility of conducting an extensive safety campaign, in connection with the Civic Safety Council and other organizations.

Mr. McCall said that the city had a small number of traffic accidents, but that he would like to see every effort made to prevent them.

Commissioners will report to council at the next meeting on the possibility of such a campaign.

A-R-O-U-N-D THE TOWN

Election of Officers will take place at the East Edmonton Federal Labor Association Tuesday at 8:30 p.m. in the L.O.O.F. hall on 101 street.

The Canadian Labor Party will hold its regular monthly meeting in the Labor Hall at 8 p.m. Tuesday.

President A. W. Miller will be in charge of the meeting.

J. E. Kerr, C.E. of Winnipeg, president of the Canadian Institute of Industrial Engineers, will address the Edmonton branch of the Institute Friday night at a private dinner at the Alhambra.

P. A. Dunn, of Vancouver, C.P.R. express superintendent, arrived here Tuesday on an inspection trip. He will meet local officials of the company during his stay. He will be here for two or three days.

Monday is the most popular day for observing statutory holidays. Monday, 24 Queen Victoria's birthday; June 8, the date set aside for His Majesty the King's birthday; and July 1, Dominion Day, according to a statement in a letter received by the Edmonton Chamber of Commerce from the Canadian Chamber of Commerce.

Query on the question. The Chamber here voted in favor of Dominion observance.

Prized Possession

A letter mailed at Little America, in the Antarctic region, on January 12, 1934, is the prized possession of Ralph Lord, 10703 125 street. The letter was sent by a member of the expedition, who had explored the Antarctic wastes in 1933-34, and was more than one year in transit.

Have You Seen

Charles Jones, who may use the name Frank McGinnis, who left the Hamilton, Ontario, district in October, 1932, and is believed to be in the Edmonton district. He is 5 feet 2 inches in height, and has dark complexion. Any information concerning the above man should be given to Edmonton city police.

Commissioner SEEKING COST ROYALTY VISIT

One Dollar Is Expected Maximum Price For Bleacher Seat

The Royal Visit committee is presently estimating the cost of the visit to the province and city and on its approval the committee will announce the successful tender for the erection of bleachers and other military requisites required, chairman P. W. Abbott, R.C.M.P., announced Tuesday.

Tender closing is at night and all information on the bids made has been withheld pending approval of the budget.

Mr. Abbott said that the price at which bleachers will be erected also will be made public with the winning tender is announced. It is believed that the price will be one dollar a seat.

In view of the lack of public interest in holding a three-day program to mark the occasion of the Royal Visit to the city, the committee has decided that only a one-day celebration will take place, reported Mr. Abbott.

"Although on three separate occasions the Royal Visit committee has been asked to hold a three-day program to mark the occasion of the Royal Visit to the city, the committee has decided that only a one-day celebration will take place, reported Mr. Abbott.

"It feels, therefore, that if the public is not sufficiently interested to let their views be known it can only be assumed that there is no serious demand for the committee to arrange a program for more than one day, June 27, Mr. Abbott said.

The committee has definitely decided that the official effort will be confined to one day, namely, Friday, June 27. It is the opinion, however, that several other organizations will arrange programs of their own covering June 1 and 27, Mr. Abbott declared.

Paterson asks for free tram ride for royal visit.

City commissioners will be asked by Ald. A. Blair Paterson, at Monday night's meeting, to consider the possibility of providing free street car transportation to citizens on the day of the royal visit, June 27.

The royal procession will cover a large part of the west end and South Side," Ald. Paterson said, "but a great many people who live east of 101 street will have a long way to go to see Their Majesties. I believe a large number of street cars could be recruited to run in the east end and carry people along the route of the royal procession."

On day when no deaths through traffic accidents have been reported a white flag goes up the pole. The idea is to keep the public in the habit of seeing the flag and to keep the public in the habit of seeing the flag and to keep the public in the habit of seeing the flag.

When a traffic fatality occurs in Cincinnati a black flag is hoisted atop a high pole situated in a square in the heart of the city. The purpose of the flag is to remind motorists of the danger to life and limb and to remind motorists of the danger to life and limb.

City commissioners will be asked by Ald. A. Blair Paterson, at Monday night's meeting, to consider the possibility of providing free street car transportation to citizens on the day of the royal visit, June 27.

The royal procession will cover a large part of the west end and South Side," Ald. Paterson said, "but a great many people who live east of 101 street will have a long way to go to see Their Majesties. I believe a large number of street cars could be recruited to run in the east end and carry people along the route of the royal procession."

On day when no deaths through traffic accidents have been reported a white flag goes up the pole. The idea is to keep the public in the habit of seeing the flag and to keep the public in the habit of seeing the flag.

When a traffic fatality occurs in Cincinnati a black flag is hoisted atop a high pole situated in a square in the heart of the city. The purpose of the flag is to remind motorists of the danger to life and limb and to remind motorists of the danger to life and limb.

Commissioner SEEKING COST ROYALTY VISIT

One Dollar Is Expected Maximum Price For Bleacher Seat

The Royal Visit committee is presently estimating the cost of the visit to the province and city and on its approval the committee will announce the successful tender for the erection of bleachers and other military requisites required, chairman P. W. Abbott, R.C.M.P., announced Tuesday.

Tender closing is at night and all information on the bids made has been withheld pending approval of the budget.

Mr. Abbott said that the price at which bleachers will be erected also will be made public with the winning tender is announced. It is believed that the price will be one dollar a seat.

In view of the lack of public interest in holding a three-day program to mark the occasion of the Royal Visit to the city, the committee has decided that only a one-day celebration will take place, reported Mr. Abbott.

"Although on three separate occasions the Royal Visit committee has been asked to hold a three-day program to mark the occasion of the Royal Visit to the city, the committee has decided that only a one-day celebration will take place, reported Mr. Abbott.

"It feels, therefore, that if the public is not sufficiently interested to let their views be known it can only be assumed that there is no serious demand for the committee to arrange a program for more than one day, June 27, Mr. Abbott said.

The committee has definitely decided that the official effort will be confined to one day, namely, Friday, June 27. It is the opinion, however, that several other organizations will arrange programs of their own covering June 1 and 27, Mr. Abbott declared.

Paterson asks for free tram ride for royal visit.

City commissioners will be asked by Ald. A. Blair Paterson, at Monday night's meeting, to consider the possibility of providing free street car transportation to citizens on the day of the royal visit, June 27.

MANY MARKET GROUPS TO BE ESTABLISHED

Wide Scope Allowed in Forming Producers' Organizations

Number of producer marketing boards that can be set up in this province under the marketing act sponsored in the legislature by Hon. Ernest C. Manning, minister of trade and industry, can be indefinitely expanded in keeping with the number of producers' bodies desiring to use the legislation, subject to the approval of the government. This statement was made by Mr. Manning in a letter to the Calgary Board of Trade in reply to a series of questions sent by the board to him in reply of the new act.

In reply, Mr. Manning wrote: "The act is intended to give the producers of agricultural products the right to form marketing boards for their products. The act is intended to give the producers of agricultural products the right to form marketing boards for their products. The act is intended to give the producers of agricultural products the right to form marketing boards for their products."

Mr. J. H. Hanna, secretary-treasurer, The Calgary Board of Trade, 118-7th Ave. West, Calgary, Alberta, wrote: "Dear Sir: I have for acknowledgment your letter of the 22nd inst. inquiring as to various provisions of The Alberta Marketing Act presently being considered by the Legislature. Doubtless the time your consideration has been able to give to consideration of this measure has been limited and further study of your letter was written has been clarified, even before this reply is sent. In many of the points raised in your communication, I am glad to have the opportunity of explaining the particular provisions of the act covered by your inquiry."

Under the act, a marketing board is established for a particular product. The board is composed of producers of the product. The board is responsible for the marketing of the product. The board is responsible for the marketing of the product. The board is responsible for the marketing of the product.

The latter Boards are established by the Government on the request of producer groups, paying their expenses by license or assessments levied on the producers. At present there are in British Columbia, seven such Marketing Boards in operation, and the number is capable of indefinite expansion.

Part One of The Alberta Marketing Act provides for the establishment of producer marketing boards to be established by the government. The act provides for the establishment of producer marketing boards to be established by the government. The act provides for the establishment of producer marketing boards to be established by the government.

Under the provisions of the act, the government is authorized to establish producer marketing boards. The government is authorized to establish producer marketing boards. The government is authorized to establish producer marketing boards. The government is authorized to establish producer marketing boards.

In other words, each producer marketing board under Part One of the act is a separate, corporate body, performing itself the functions for which it is established, for the benefit of the producers of the product. The number of boards to be established is not limited by the number of producer bodies desiring to use the legislation, subject to the approval of the government.

The powers to be granted to any board over licensees are similar to those presently granted to marketing boards in operation in British Columbia, and are intended to give the board effective authority over the product to be marketed. Such powers are made effective by the Lieutenant Governor in Council who at all times has power to amend, suspend or revoke the same, and the right of appeal to the Lieutenant Governor in Council in case of need is always present.

The Provincial Marketing Board established under Part II of the act is a Government body which will operate under regulations to be established by the Government. You will note by subsection 3 of Section 16 that the power of the board is to engage in the activities enumerated in the act, subject to the approval of the Lieutenant Governor in Council, and that it is intended that it be subject to the control of the government.

It is not anticipated that the operations of the Board will involve the possibility of any loss. The Board can use as much money as it may require to creditors unless purchases were made in cash. Credit terms, and any risks herein could doubtless be guaranteed by the parties involved, in the usual business manner.

With regard to agreements for promotion of the sale of goods within the province, it is intended that there are to be financed by mutually satisfactory arrangements between the Minister and the parties concerned. The exact method to be pursued and the cost, if any, to the government, will naturally have to be worked out in keeping with the circumstances involved in each case. Generally speaking, however, I would advise that the parties whose sales are benefited will be expected to share in the cost on the fair basis commensurate with the benefit they will derive from increased sales.

I trust that the information here is to be found helpful to your members in their study of this legislation.

One visit took care of 100 changes of dress in the wardrobe of King George V of England.

Ad Widows Of War Veterans In Certain Classes Will Receive Pensions

Secretary

OTTAWA, March 28.—An act of the Canadian government to provide for the receipt of pensions for a disability of 50 per cent or more will receive positive endorsement by the government experts to introduce this act. Hon. C. E. Power, minister of pensions, said today at a press conference held at the House of Commons that the act would be introduced in the near future.

"This will not meet the current situation for widows' pensions," said Mr. Power. "That situation is to obtain pensions for all veterans' widows."

It would, he said, indicate the house was prepared to go as far as it reasonably could. To go further would be to grant pensions on grounds of pure sympathy and not on merit. Some 400 or 500 widows would probably receive pensions under the new act, he said.

The minister made his announcement as his bill amending the pension act was introduced in the house. He said the bill would be introduced in the house on Monday.

Under the new act, a common law wife of a soldier or sailor who has been killed in action would be eligible for a pension. The act would also provide for the pension of a common law wife of a soldier or sailor who has been killed in action.

The bill would also provide for the pension of a common law wife of a soldier or sailor who has been killed in action. The bill would also provide for the pension of a common law wife of a soldier or sailor who has been killed in action.

SEVEN BILLS REPORTED FOR THIRD READING

Coal Mines Regulation Act and Others Through House

Including the bill amending and consolidating the Coal Mines Regulation Act, a total of seven bills were reported for third reading by the House of Commons today. The bills were reported by the House of Commons today. The bills were reported by the House of Commons today.

Amendments to the Alberta Election Act also were reported for third reading. A new amendment included in the act required by-elections to be held within six months of the date a vacancy occurred, instead of four months as heretofore.

Other acts reported were amendments to the Municipal District Act, Alberta Surveys Act, Public Works Act, Companies Act and Tax Recovery Act.

Progress was made on the Coal Mines Regulation Act, Vehicles and Highways Act and Assessment Act.

Hon. N. E. Tanner, minister of lands and mines, said further consideration was being given some of the bills. He said the bills would be introduced in the house on Monday.

Mr. Tanner said such action by the House of Commons would be taken to ensure that the bills would be introduced in the house on Monday. He said the bills would be introduced in the house on Monday.

SOCIAL CREDIT BOARD COSTS ARE REVEALED

Personnel Expenditures Totalling About \$10,000 Detailed

Social Credit board personnel expenditures from April 1 to Dec. 31, 1938 in respect to remuneration and expenses totalled \$9,842.92, according to information given the legislature on Monday by Hon. Ernest C. Manning, minister of trade and industry.

Payments were made to the following members of the board: Glen J. MacLachlan, chairman; Floyd M. Baker, secretary; W. E. Hayes, Alfred J. Hooke and Dr. J. L. McPherson.

Total expenditures, including salaries and sundry office expenses and salaries were \$9,842.92. Also included was a \$100 honorarium paid to George F. Powell, former member of the board, and \$30 to Major C. H. Douglas of London.

Public relations department expenditures totalled \$7,544.95 including cost of travelling expenses, pamphlets and office expenses.

Printing expenditures amounted to \$2,418.96 with the payment being made to about 20 persons.

Divorce Courts Are Kept Busy. Decrees absolute were granted in divorce action to the following parties in Supreme Court here by Mr. Justice W. S. J. L. McPherson: A. Harris from Clifford A. Harris; Mrs. Olynka from Olynka; Fred W. Boynton from Fred W. Boynton; Arthur J. Hellen from Helen Hellen; Elizabeth M. Strives from Thomas Willard; and Elizabeth E. West from Joseph West.

Decrees nisi were granted to Norman W. Devlin from Hazel B. Devlin; Basil Holychuk from Pearl J. Holychuk; Margaret Edwards from Sidney Edwards; Phyllis Wilkie from Josephine A. Wilkie; Robert M. Jackson from George Jackson; Emily Kitching from Robert E. Kitching; Joseph H. Charlton from Ronald Charlton.

Heavy Summer Travel To Pacific Coast Points Forecast By Rail Aide

To Judge

VANCOUVER, B.C., March 28.—Heavy summer travel in the Pacific coast is predicted by N. B. DeBruin, assistant passenger traffic Canadian Pacific Railway, Winnipeg, who is visiting coast cities on inspection tour.

DeBruin, from cultural interest, is spending the forthcoming tour of his Majesty through the part of the country and the influence of the Golden Gate Exposition in San Francisco on the western part of the coast, the passenger official stated. Canada Pacific Coast will see large numbers of visitors for the first time since the middle of September.

During that period, he explained, the railways will be offering first-class fares to the coast from stations from Port William in California to Vancouver. The two-week vacation fares, these will go on as far as five days before the first and fifteenth of June, July, August and September and should greatly stimulate travel from prairie to coast. The fortnightly service was inaugurated last year with marked success.

Mr. DeBruin says Alaska and the Yukon are also attractive as far as the summer months. His company, he said, has 22 sailings from June 3 to August 31. Two of them being special itinerary cruises to southern B.C. and Alaska ports included in the regular summer sailings of the famed Islander.

\$4,000 Added Cost To Haul Snow To River. City Engineer A. W. Haddow has advised city commissioners in a report that the cost of hauling snow to the river would cost about \$4,000 more annually than the cost of hauling snow to the river. The cost of hauling snow to the river would cost about \$4,000 more annually than the cost of hauling snow to the river.

This proposal was considered by commissioners to be a more feasible means of disposal than melting it in a steam plant and running it into a storm sewer, another suggestion which the engineer reported on.

CANCELLATION PATENT RIGHT IS ADVOCATED

Hon. Ernest C. Manning Moves Result Radio Tube Price Probe

Request that the Dominion government cancel patents and prices rights owned or controlled by Thomson-Houston Co. of Toronto, contained in a motion, tabled in the legislature on Monday by Hon. Ernest C. Manning, minister of trade and industry and provincial secretary.

Soon after giving the notice, the minister tabled the report into the cost of radio tubes in this province, written by H. J. Gault, solicitor in the trade and industry department, who acted as a non-partisan commission to investigate tube prices. In his report, Mr. Gault declared that a monopoly existed in the business.

In his motion, Mr. Manning pointed out that the Gault inquiry disclosed that the manufacture, distribution and sale of radio tubes in Canada is controlled solely by Thomson-Houston, Ltd., and its licensees, resulting in inflated prices and in maintenance of unduly enhanced retail and wholesale prices.

Mr. Manning's motion further requests the Dominion government to "Direct the cancellation of all patents of radio tubes owned or controlled by Thomson-Houston, Ltd., and also requests that the Dominion government take such action as to provide that patent rights respecting radio tubes held patent in the United States shall expire in the event that the article, the subject of the patent, is sold in Canada at a price greater than the lowest price, plus all federal import duties, sales and excise taxes and transportation costs, at which articles of the same quality are sold in wholesalers or retailers or consumers, as the case may be, in any other country."

From 60 degrees north latitude in the North Pole, more than 1,000,000 miles make their homes, but from 60 degrees south latitude to the South Pole, there is not one permanent human resident.

APPROVAL OF MINISTER FOR LANDS SALES

Before occupied property in Edmonton, Calgary or Medicine Hat can be sold through tax sale proceedings, final approval of the minister of municipal affairs must be obtained, according to an amendment to the Tax Recovery Act, ratified in the committee of the whole assembly of the legislature on Monday.

This legislation was made applicable to the City of Edmonton, Calgary and Medicine Hat and the amendment of Monday extends it to include this city, Calgary and Medicine Hat. The amendment was made applicable to the City of Edmonton, Calgary and Medicine Hat and the amendment of Monday extends it to include this city, Calgary and Medicine Hat.

Mr. Manning said the amendment was made to ensure that the City of Edmonton, Calgary and Medicine Hat would be able to sell property through tax sale proceedings. He said the amendment was made to ensure that the City of Edmonton, Calgary and Medicine Hat would be able to sell property through tax sale proceedings.

APPROVAL OF MINISTER FOR LANDS SALES

Before occupied property in Edmonton, Calgary or Medicine Hat can be sold through tax sale proceedings, final approval of the minister of municipal affairs must be obtained, according to an amendment to the Tax Recovery Act, ratified in the committee of the whole assembly of the legislature on Monday.

This legislation was made applicable to the City of Edmonton, Calgary and Medicine Hat and the amendment of Monday extends it to include this city, Calgary and Medicine Hat. The amendment was made applicable to the City of Edmonton, Calgary and Medicine Hat and the amendment of Monday extends it to include this city, Calgary and Medicine Hat.

Mr. Manning said the amendment was made to ensure that the City of Edmonton, Calgary and Medicine Hat would be able to sell property through tax sale proceedings. He said the amendment was made to ensure that the City of Edmonton, Calgary and Medicine Hat would be able to sell property through tax sale proceedings.

CONFESION IS GIVEN IN MURDER CASE
Continued from Page Nine
He had no malice in his heart, he had been feeling for some time that he had superseded him in the affection of his girl.

HEAVY CRIST LEGISLATION
Parliament May Be Forced To Sit For Into the Summer
OTTAWA, March 28.—Parliament may have a brief respite from government legislation today as that presented in the Speech from the Throne almost 10 weeks ago, parliament could seem to have enough to do to carry the members far into the summer.
